

Last week was a busy week in Topeka, with K-2, transfers to the State General Fund (SGF), education, unemployment, and economic development. Our Public Policy and Executive Committees have been working diligently to support our legislative agenda. Policy makers are almost exclusively focused on the budget and developing an effective approach to the recession bill and the \$40 million deficit in the SGF. We will continue to monitor all of our key legislative issues and KansasBio is pleased to be working with Tom Tunnell and Ron Seeber again this year to support our efforts in Topeka.

BIO Caucus Meeting

KansasBio held its second of five bi-weekly bio caucus luncheon meetings, which focused on the role of angel investing on the industry. Materials were distributed related to the impact of Kansas' Angel Investor Tax Credit program. Last year's tax package inadvertently negatively impacted the program, so KansasBio is working with legislators in the caucus to determine the best course of action on this matter. The Bioscience Caucus is comprised of over 90 members of both political parties and run the spectrum of philosophical leanings. The luncheon was sponsored by Johnson & Johnson and Treanor Architects.

The next caucus meeting will focus on Venture Capital on February 18 from 11:45am to 1pm in Docking 784. That date is "turn-around" which may impact the schedule format. All KansasBio IAP members are invited to participate alongside our venture capital experts, in a roundtable discussion over lunch. Please RSVP to kpjo@kansasbio.org if you are planning to attend or wish to sponsor the Feb 18 meeting, so we have box lunches to accommodate all participants and can notify you if there are any schedule changes.

NBAF Resolution

The Senate Ways and Means Committee held a hearing on and approved [SCR 1625](#), a resolution urging the federal government to act aggressively in addressing the threats of bioterrorism and to move quickly to advance the sale of Plum Island. Kansas Bioscience Authority's Lindsey Holwick testified support in favor of the bill citing the urgency to move forward. She cited that the President has obligated \$40 million in funding his 2011 budget. If approved by both chambers of the legislature, SCR 1625 will be sent to Congress.

KBA Presentation

Kansas Bioscience Authority President Tom Thorton presented to the Senate Commerce Committee an update on agency and new developments. He testified that huge strides have been made in Kansas. However, due to the cuts of the last three years, the KBA has tightened its focus on project funding. Concerning NBAF, the KBA's goal is to maximize the collaboration of related bioscience organizations. The KBA's end result is to have Kansas referred to as "the defender of American agriculture".

Budget Rescission Bill Approved by House Committee

The Appropriations Committee approved [HB 2222](#), a bill that cuts to several agencies that could not be accomplished by the Governor without the legislature's approval. The committee amended the bill to reduce legislative salaries by 11%. Rep. DeGraaf offered an amendment denying Planned Parenthood any state dollars. Staff reported that such an amendment may jeopardize federal Medicaid money and the amendment failed. Rep. McClelland offered an amendment funding the Judiciary \$5 million with money going to public education which failed as well. An amendment cutting the voucher days for legislature by 25 days (or \$853,000) was approved. Other cuts in the bill include: \$250,000 cut to KTEC, \$2 million cut to Kansas Housing Corporation, \$80 million from the KS Department of Transportation, \$500,000 from the Department of Commerce, \$5 million from the Securities Commission, Cut 50% of legislators franking privileges (free postage), and \$1.1 million from the legislature.

Kansas Streamlining Government Act

The House Appropriations Committee approved [HB 2442](#), a bill would creating an independent commission to review and recommend when and if state programs or agencies should be consolidated, changed or even eliminated. The Kansas Veterinary Medicine Association and the Kansas Association Realtors successfully amended the bill to have all agencies that are "exclusively fee funded" to be exempted from this bill.

Unemployment Rate Discussion

The Senate Business and Labor committee continued to receive testimony from Kansas Department of Labor Jim Garner with regard to the depleted unemployment compensation fund. The state officially runs out of money in the fund this month and has subsequently raised rates on employers and borrowed money from the federal government. Garner gave an overview of the Kansas Unemployment Rate Assessments as they relate to a positive turnover history and negative turnover balance employers. Senator Wagle questioned why employers with a positive rating were receiving such a high tax increase. He responded that only 9% of employers have a negative rating and difference had to be made up by the whole. Senator Holland asked of other states found inventive solutions to address shortfall. Garner replied that there is no easy fix. Senator Wagle polled the committee about considering a cap on the cost of living automatic increase and/or increasing the surcharge to employers with a negative balance. The committee voted to introduce a bill capping the benefits COLA for 3 years.
