

Legislative BioBuzz: Week of March 8 – 12, 2010

Angel Investor Tax Credit Amendment Approved by Committee

Kansas Bio's angel investor amendment was placed on its targeted bill, HB 2496, a bill dealing with historic preservation tax credits. In order to avoid an almost certain defeat, we were forced to negotiate with the Kansas Department of Revenue to negate a negative fiscal note on the bill. With a near forecasted half a billion dollar fiscal deficit, any negative impact to the state's bottom line would be defeated. The contents of HB 2496 were placed into placed into [SB 430](#), a similar Senate passed version of the bill. Special thanks to Rep. Sharon Schwartz and Rep. Marvin Kleeb for assisting us with this amendment. After Representative Schwartz explanation of the amendment and our communication with committee members, there was zero opposition and it passed unanimously. We distributed an action alert to the House bioscience caucus members reminding them of the importance SB 430 as amended and the need to support the bill as a whole. Today in the House, SB 430 is the third bill on General Orders.

KTEC Budget Progresses

The Senate Ways and Means Committee approved the KTEC budget, cutting the agency's budget by 20.1% leaving the agency with an all funds total of \$7,854,000. Despite taking huge cuts in last year's budget and another major cut this year, KTEC reports it will again be able to absorb the hit. The budget will go to the full Senate for approval.

Sales Tax and Cigarette Tax Increase Hearings

The Senate Tax Committee held a series of hearings on [SB 516](#), a bill requested by the Governor that raises the tax on cigarettes and an additional one cent statewide sales tax. The cigarette portion of the bill was stripped out of the bill and placed in HB 2388. The sales tax component increases the sales tax one cent for two years then decreases to a .02 cents increase that is dedicated the state highway fund. The governor hopes to raise over \$300million from the sales tax increase. Proponents included the school teachers' union, the Kansas Association of School Boards,

social service organizations, and other groups heavily reliant on government assistance. Hearings will continue next week when opponents will be given the opportunity to address the committee.

During the cigarette tax portion of the hearing, HB 2388, staff testified the 55 cent per pack cigarette tax increase is estimated to raise over \$70 million in new revenue. Proponents included the above mentioned groups. Opponents included convenience and grocery stores, smoke shops, tobacco companies, and anti-tax organizations. They cited lost jobs and lost tax revenue to neighboring states.

Texting Ban and Primary Seatbelt Bill

The full Senate approved 27-12 [HB 2437](#). This bill would enact a ban on texting while driving and would allow an officer to stop a vehicle if each occupant, including all adults, is not properly restrained. The bill would prohibit text messaging while operating a moving motor vehicle. The bill would provide that a first conviction would be a traffic infraction subject to a \$100 fine. Subsequent offenses could result in higher fines and possible license suspension. The seatbelt provisions require each adult occupant of a passenger car manufactured with safety belts to have a safety belt properly fastened around the occupant's body when the car is in motion. Current law requires those under 18 and adults in the front seat to use safety belts and includes certain exceptions, which would not be amended by the bill. The bill also would allow a law enforcement officer to stop a vehicle if any adult occupant is not properly belted, by removing a provision that prohibits such a stop.

Coming Next Week: Lots of Tax Bills

In order to find revenue to fund the estimated half billion dollar revenue shortfall, the Senate has scheduled several hearings to look at the repeal of certain non sales tax exemptions ([SB 476](#)), raising the state sales tax ([SB 516](#)), raising the tax on sweetened beverages or concentrate ([SB 567](#)), and raising the tax on alcohol ([SB 569](#)). There are also hearings scheduled to look at replacing the motor fuels tax with a sales tax on fuels and raising vehicle licensing fees to fund a comprehensive highway plan ([SB 498](#) and [SB 515](#)). We will watch closely as every moving part in the state house has the ability to affect the industry.
